Dear David,
Thank you very much
for helping to make my stu-
dent teaching career a most en-

audience and it has been a
pleasure having you in class.

a very good job of it.
Linda Doane

David,
You're a great pal and
I feel safe in calling you "pal"

Dear David,

Of the four years at Enka High School, I know I will not enjoy any one more than my sophomore. The athletic Banquet, the Student Council Dance, the ~~School~~ Dances, ~~the~~ N. H. S. picnic, and many more, would not have been the same without you. It wouldn't seem right going to something at Enka without you. I've never enjoyed walking to class until I walked with you.

When I look back on the track meets, that seem so long ago, it would have been so dull not to have someone to chew on and scream over when they ~~won~~ won (as of course you always did) I was so proud of you and I still am and always will be. You will always be the biggest athlete at Enka, in my eye. Next year when you are catching all those passes and running all those touchdowns, I know you'll never get the big head, you're too nice a boy for that.

If you had ten million cars, none would be the same as the rambler, the car we had our first date in, the one I had my first convertible ride in, the one we first went to the drive-in in (I won't say anymore about that) In the years to come, I will always look back on the little rambler as my first car, but it's not only the car I want, it's you too.

I am looking forward to the summer months and the years to come with much pleasure. I guess I'll have to go in swimming, if I don't you going to make me anyway. Nothing could give me more pleasure than to look forward to a summer of being with you.

With your brains, I know you will go far, you deserve it, but no matter how high or how important you get, I hope you can look back on your "sophomore sweetheart" with many happy memories.

I love you,
Linda

O, Our Alma Mater!

O, our Alma Mater! Love thee we do!

Our hearts o'er flowing with thy spirit true.

In the hour of trials, When things go wrong,

We'll sing the victory the whole day long!

Dave,

I guess you know me by now after 5 or 6 years. I will say of all the people I have ever known you have the ability to go all the way on the road of life if you apply yourself. Your future in football and track has many great bright spots. You should make a "H---" of a end.

Best Wishes
Your Pal,
Duane

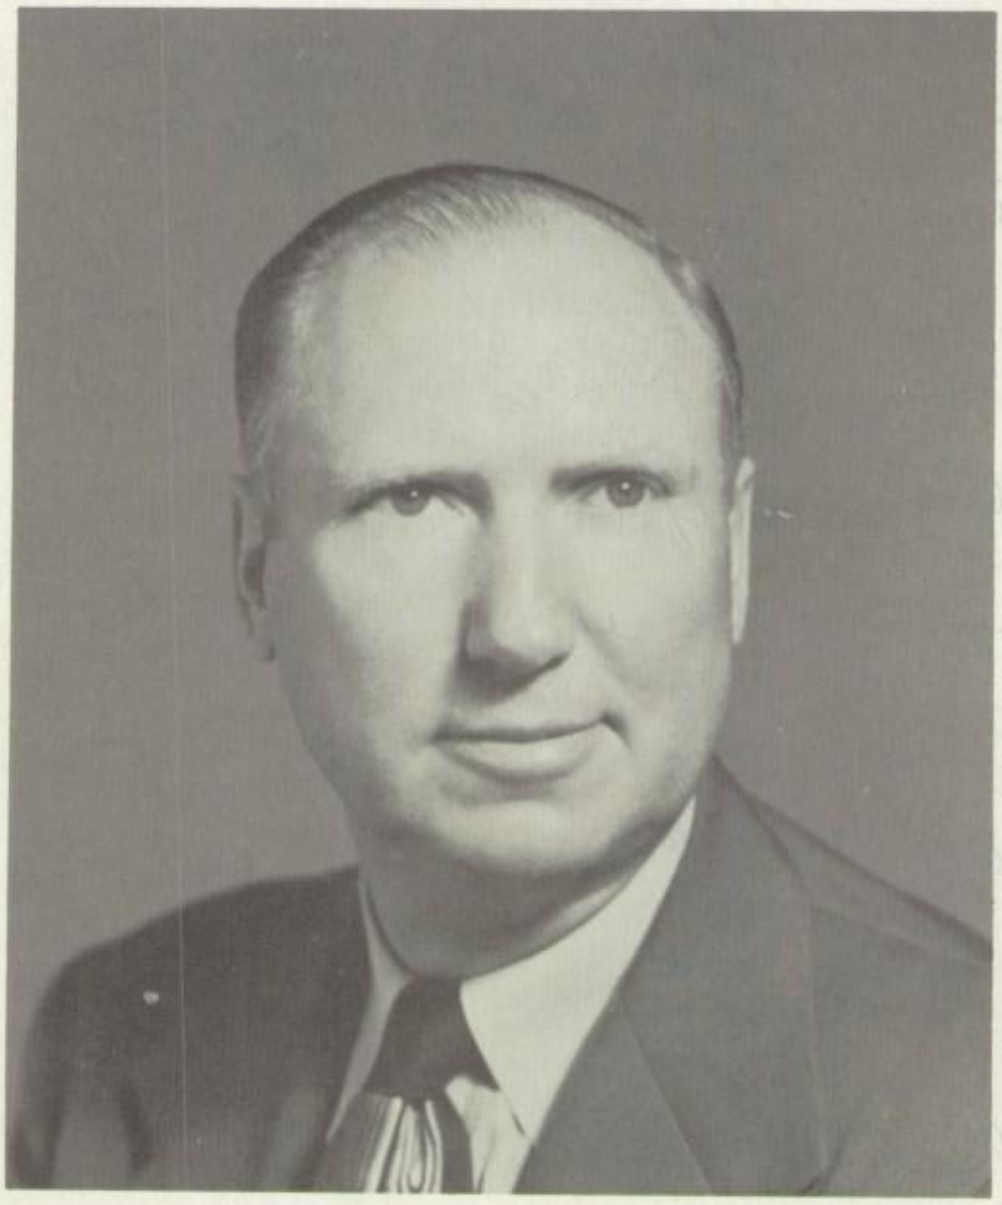
IN MEMORIAM



Mr. Earl Crawford served for many years as teacher and principal in the public schools of this state and more recently as principal of the Pisgah and Candler Elementary Schools of Buncombe County.

In serving in these capacities, he set a noble and worthy example for his colleagues and for his students, and endeared himself to all who knew him.

He possessed an understanding heart, an innate kindness, and a humble spirit. He faced and overcame discouragement and disappointment with a truly gentlemanly character.

His indomitable spirit and serenity of faith were tremendous factors in his civic, religious and educational endeavors.

His nobleness of character will long be revered by the people of Buncombe County.

The Scholarship Committee and Mr. Tomberlin meet to discuss an additional method to be employed for the recognition of distinctive scholarship. Juniors and seniors with outstanding academic records shall be recognized as Varsity Scholars. The Principal and faculty of Enka High School are striving constantly to elevate scholastic standards and to inspire greater accomplishment.

CUSTODIANS

In charge of the care of our building are Mr. A. W. Harris, Mrs. A. W. Harris, and Mr. Howard Moses.

CAFETERIA PERSONNEL

Our cafeteria personnel are, left to right: Mrs. Shirley Welch, Mrs. Bessie Robinson, Mrs. Margaret Sams, Cafeteria Manager, Mrs. Mary Louise Young, Mrs. Ruby Jervis, Mrs. Geor-Queen, and Mrs. Bonnie Patterson.

An opportunity for exploration comes annually with the Science Fair. Students enter projects pertaining to their respective science courses. We students have every opportunity to pursue our capabilities in the curriculum at Enka High School.

CURRICULUM

ENGLISH

Confucius once was asked what he would do first if he were to administer a country.

"It would certainly be to correct language," he replied.

His listeners were surprised. "Why?"

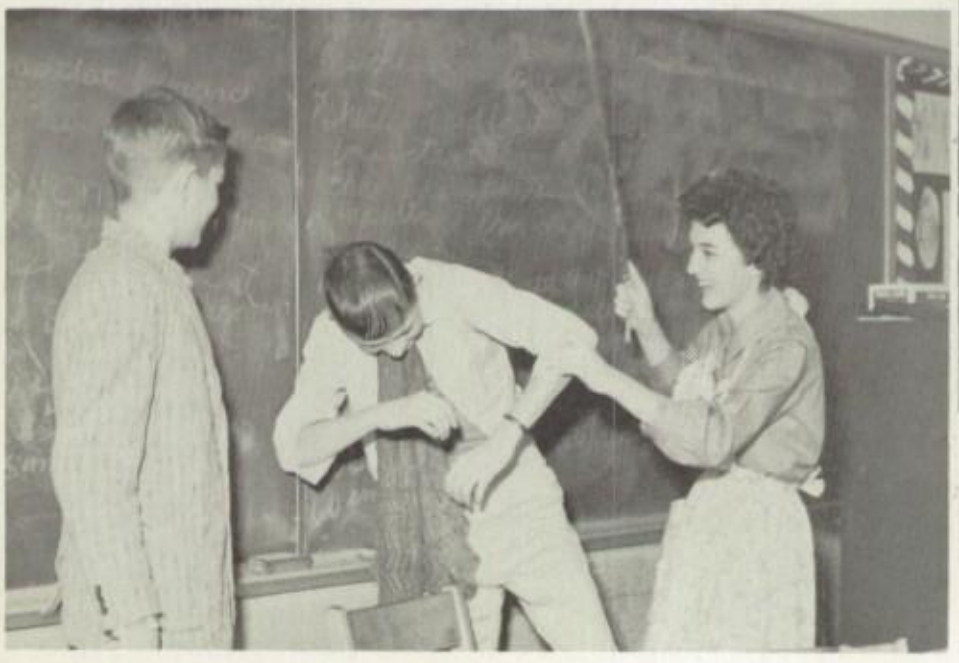
The Master's answer: "If language is not correct, then what is said is not what is meant; if what is said is not what is meant, then what ought to be done remains undone; if this remains undone, morals and arts will deteriorate; if morals and arts deteriorate, justice will go astray; if justice goes astray, the people will stand about in helpless confusion. Hence there must be no arbitrariness in what is said. This matters above everything."

Even in today's modern world, language, both written and spoken, is still our chief means of communication. One main objective of Enka High School's English Department is helping students learn to express themselves clearly and correctly, whether they will be filling out college applications or applying for a job.

The study of literature naturally brings the writing of themes.

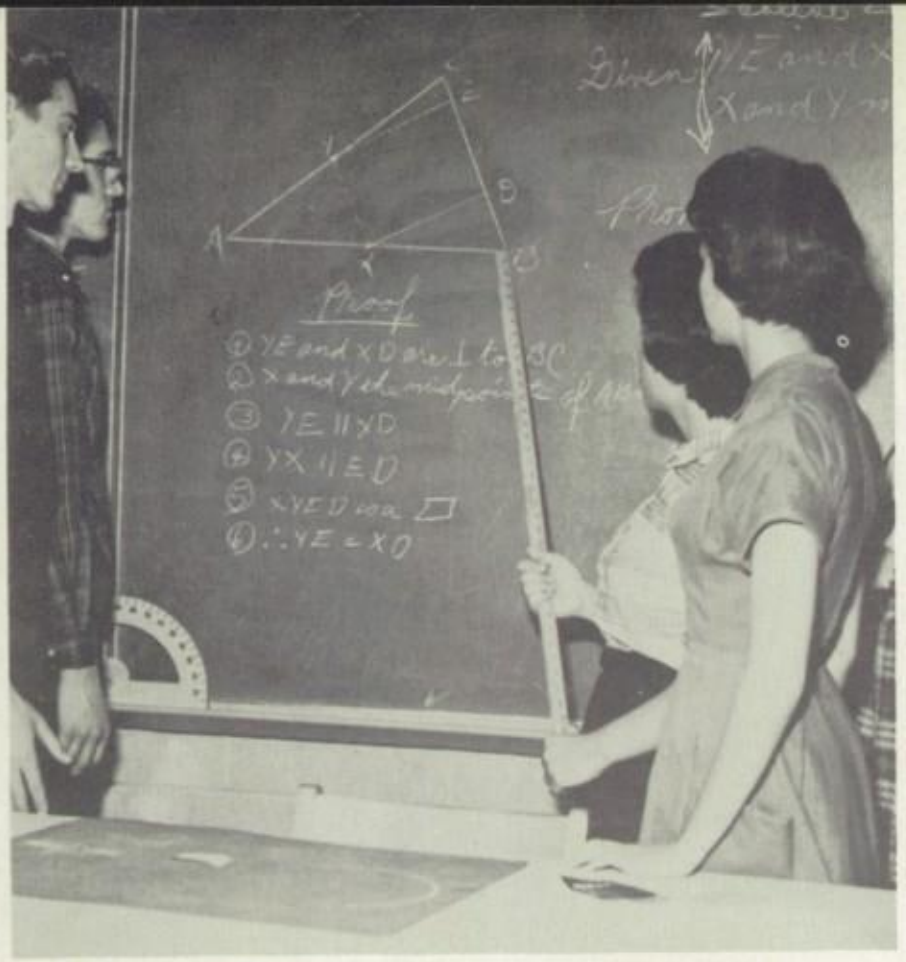
Roy Smith points out to Nancy Gosnell, Billy Jervis, and Mary Phillips a familiar author on the literary map.

Micky Franklin, Wayne Caldwell, and Rose Mary Ingle present a skit from Great Expectations.



Jan Crawford, James Robinson, and Sondra Wise find that a research paper in Mrs. Kramer's English class requires some library work.

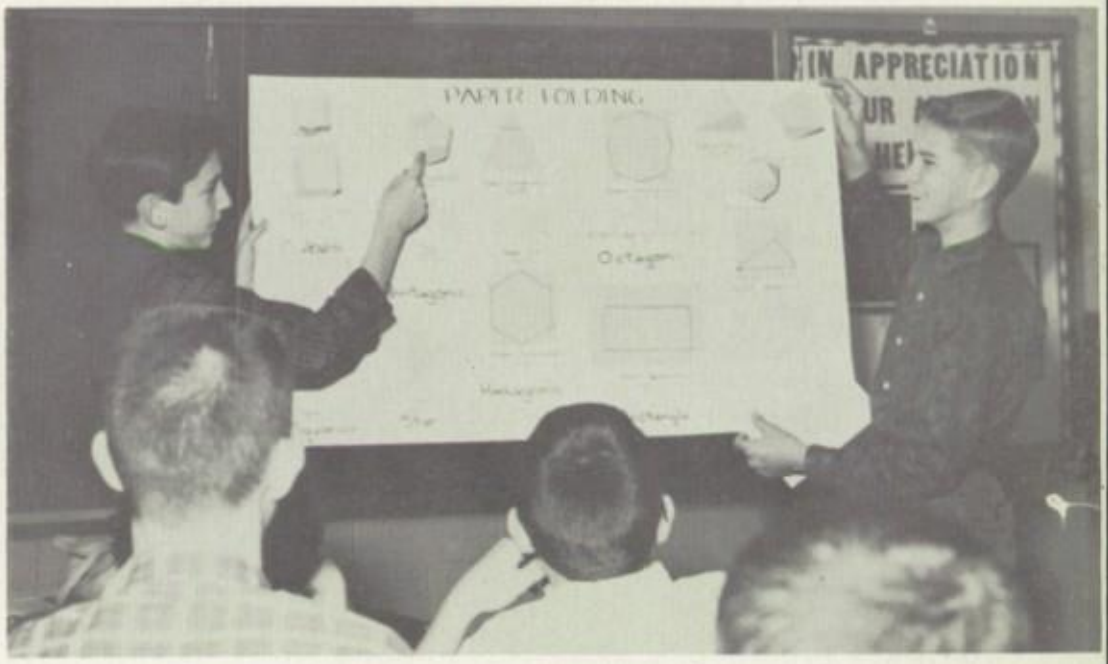
MATHEMATICS



Janet explains how to prove a theorem to some classmates.

Mathematics is one of the most important departments at Enka High School. Through teaching students to increase their reasoning ability, it has a practical application for everyone. Thus it is a course of study needed by all students, not just those who are planning to enter college or students interested in a mathematical career.

Enka High offers a variety of mathematical course ranging from General Math I to Solid Geometry and Trigonometry and Algebra III, which are actually on a college level.



Two freshmen demonstrate the art of paper folding.

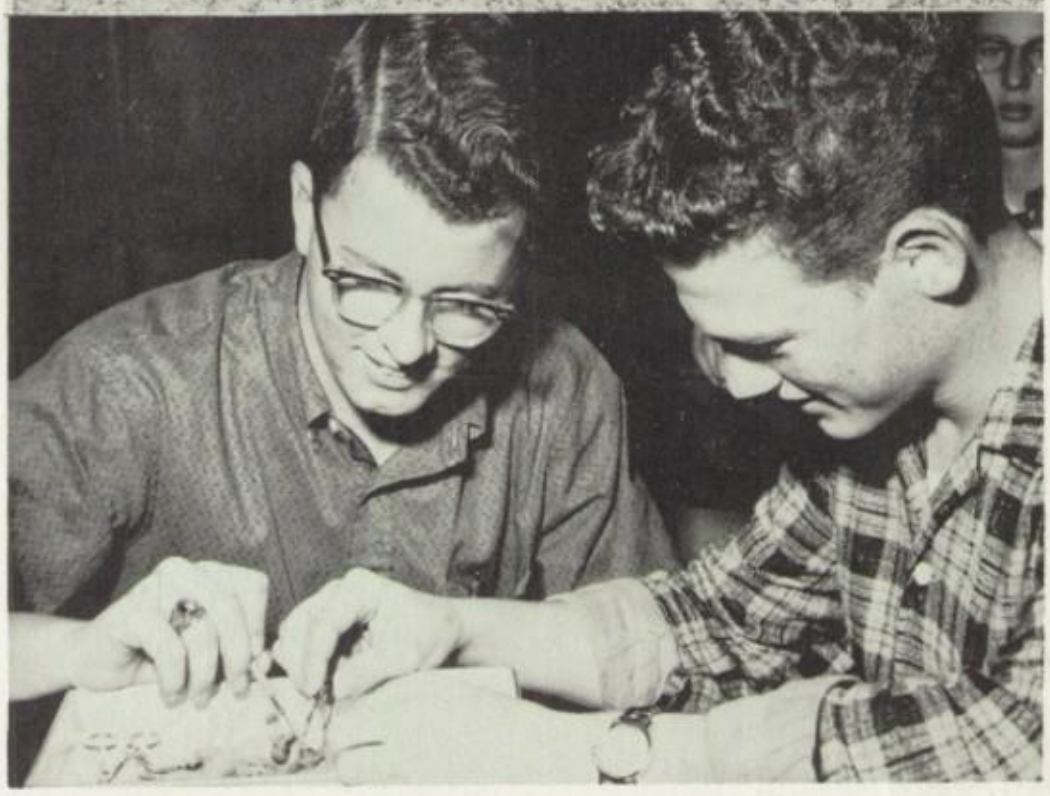
Miss Mitchell's freshmen algebra class learns about the slide rule.

SCIENCE

In this age of the atom, Enka High School is privileged to offer an up-to-date and varied science program. While eighty-two percent of the high schools in the United States offer neither chemistry or physics, Enka has both. Besides the more advanced studies, our curriculum contains classes in general science, biology, which is required of all sophomores, and senior science, for students taking a general course of study.

A main event of the year for the science department is the annual science fair. Last year Margaret Green brought national recognition to Enka by winning third place in the National Science Fair with her project on lichens.

Mr. Cathey's general science class shows how to find direction without a compass.



Dale Rogers and Jerry Rich busily dissect their frog in Biology.

Margaret Green was North Carolina's number one biological representative to the National Science Fair where she won third place.

SOCIAL STUDIES

Tommy Green shows Stella Gilmore a Roman watch tower.

Bob Collins shows Annette Stilwell and Lynda Smith how to put a Roman chariot together.

Paula Israel points out the annexation of Hawaii to Ray Howell and Carolyn Ward in Mrs. Howle's U. S. History class.

Bill Trull shows David Setzer where he would like to travel.

Owen Moore shows Catherine Hollifield and Jean Wilson the Great Wall of China.

BUSINESS EDUCATION

STUDENTS RECEIVE TRAINING IN BASIC OFFICE SKILLS (BUSINESS EDUCATION)

The development of attributes necessary for successful business and economic life is a main concern of the Business Education Department at Enka High School. It is geared to prepare students who possess aptitude and interest in business for tomorrow's world of business. Through planned experiences using machines and equipment, these students become ready for the future's business.

Diane Bishop demonstrates to Tommy Medford, Lance Wait, and Marie Walker her ability to type 116 words on a one-minute timed writing and 89 net words on a ten-minute timed writing.

Carolyn Payne demonstrates the new technique of Shorthand to Sonja Taylor, Ann Reynolds, Alice Johnson.

Donald Harding draws on the tachistoscope.

Mr. Warren's Business Machines class fears that they'll never learn to use the accounting machine.

LANGUAGES

Exhibits of Roman chariots, a watch tower and battering ram prove interesting to Wayne, David and Johnny.

Brenda, Martha and Loretta look at the map of Celtic Gaul, in preparation for the study of Caesar's Gallic wars.

Students learn important dates connected with their Spanish.

LANGUAGES

The knowledge of one or more foreign languages is a distinguishing mark of being well educated. Included in the curriculum of Enka High School are two years of Latin, a classical language, and two years of Spanish, a modern language. In addition to studying the Roman language, students learn about the culture, customs, government, and literature of ancient Rome. Although Spanish students spend much of their time learning to speak and write the language, they, too, study customs, music, art, and literature of the Spanish people. By studying foreign languages and cultures, one's understanding of other races and nationalities is deepened.

The beginning of the Roman Empire ---- The founding of the city of Rome in 753 B.C.----is pointed out to Steve and Rudy by George, all of whom seem interested in the map of Italy.

Jo, Mike, and Jim demonstrate the use of a tape recorder which facilitates the improvement of the pronunciation of Spanish.

ENKA HIGH BAND

Mr. Ralph Middleton, a talented musician himself, is the director of the Enka High School Band.

Members of the band are: Flutes--Mary Ann Melton, Joi-Jan Llewellyn, Ray Medford; Cl
inets--Gail Stubbs, Jane Oldham, Katherine Hollifield, Ann Peebles, Carol Riddle,
Gudger; Saxophone--Judy Stubbs, Gordon Revis, Ralph Stanberry; Bass Clarinet--Iris Bro

Majorettes: (l to r) Trula Kirkpatrick, Phyllis Greenwood, Deane Webb, Jean Sowers, Miriam West. Drum Majorette--Stella Gilmore. Not pictured, Carol Gorman.

The Enka High Band, under the direction of Mr. Ralph Middleton, plays an important part in promoting school spirit and creating interest in the school. The band adds much to school life by playing at football games, pep rallies, and concerts during the year.

The clarinets perform together in a jazz section; first row (left to right): Carol Riddle, Iris Brown, and Ann Peebles. Second row: Bill Gudger, Katherine Hollifield, and Gail Stubbs.

The officers, Gail Stubbs, vice president; Hal West, president; and Mary Ann Melton, secretary-treasurer, go over The Bartered Bride as a selection for performance.

The trumpet section blend their tones together while the bass section listens attentively. Paul Iarussi, trumpet; David McClain, bass horn; Terry Furness, trumpet; Hal West, Cecil Edmonds, trumpet.

MISCELLANEOUS CLASSES

History Students find history a delightful change as they learn in Mrs. Rhinehart's room by television

Mr. Penland demonstrates a machine to Trula Kirkpatrick, a future driver.

Winners in this year's science fair are Jane Cole, first place, physical division, and Louise Walker, first place, Biological.

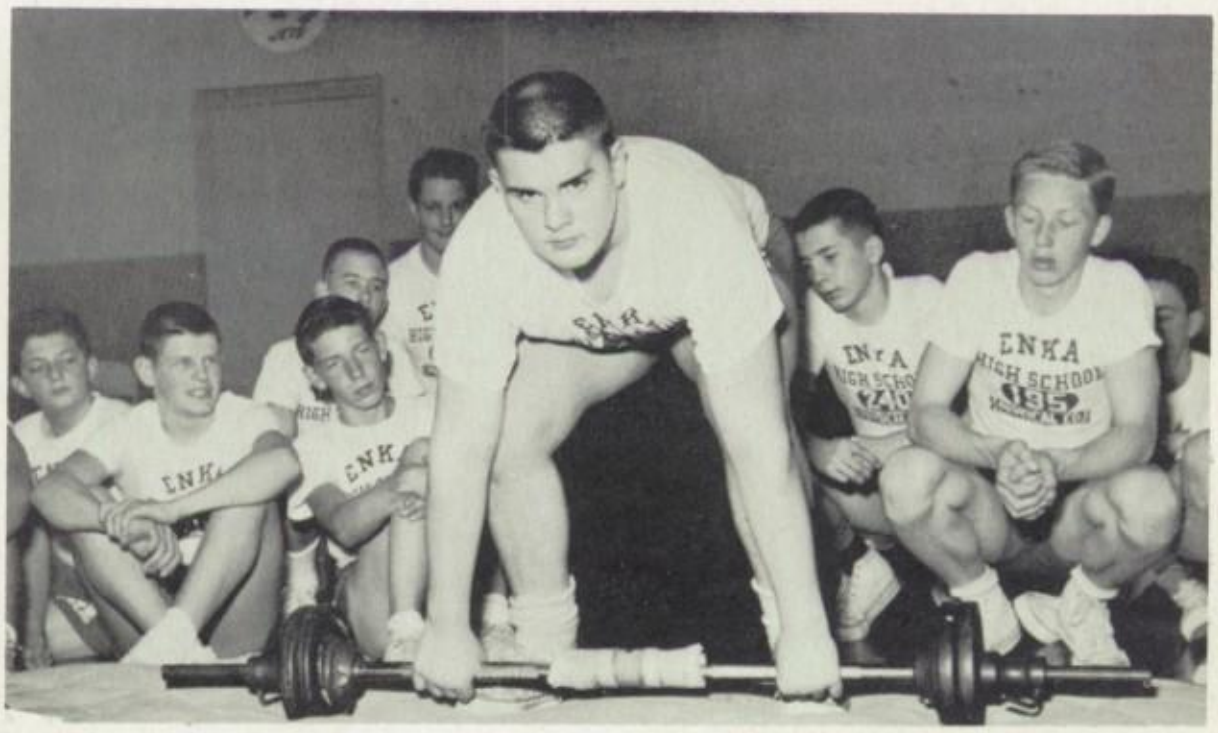
One of Miss Longmire's classes practices moving passes.

Miss Longmire instructs her girls.

PHYSICAL EDUCATION



One of our strong freshmen lifts the barbells

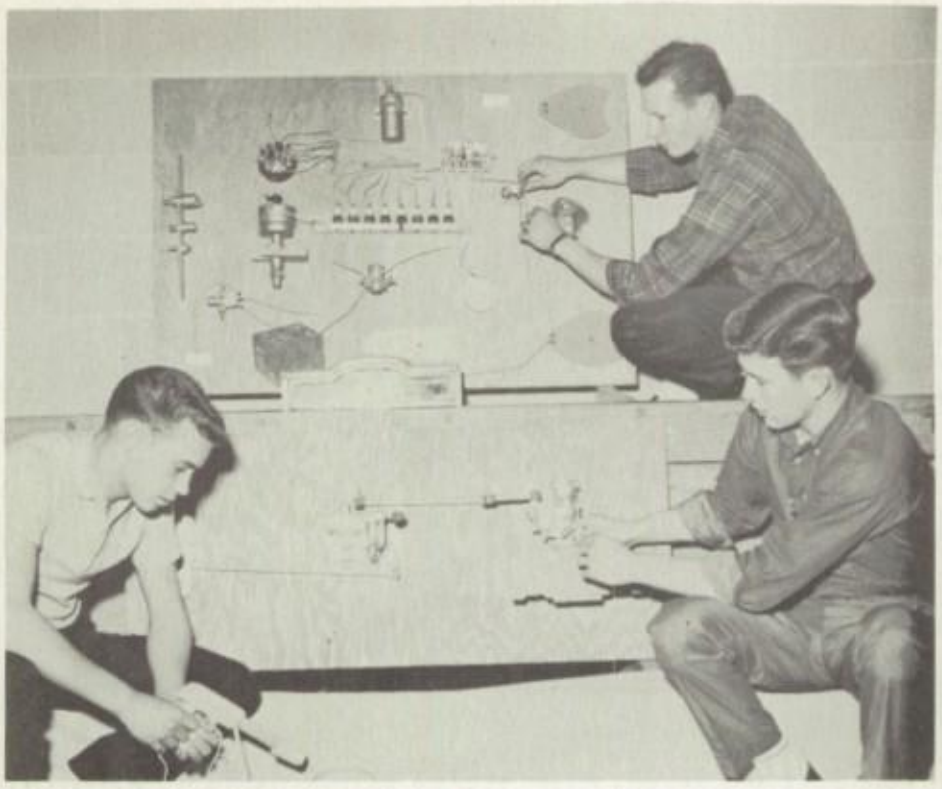
One of Mr. Johnson's classes builds a pyramid.

SPORTSMANSHIP RECEIVES THE GREATEST STRESS

(Physical Education)

Development of body as well as mind is considered important at Enka. All students have an opportunity to participate in athletics. Much emphasis is placed on good sportsmanship and fair play.

Physical Education, which is a required course for all freshmen, includes studies in first aid and health.



William Whitted, Charles Thompson, and Charles Medford examine automotive parts.

Gwynn Penland shows Brenda Rathbone dentistry and nursing projects.

Allen Ingle explains the stack regulator of a hot air furnace system to members of the class.

DIVERSIFIED OCCUPATIONS

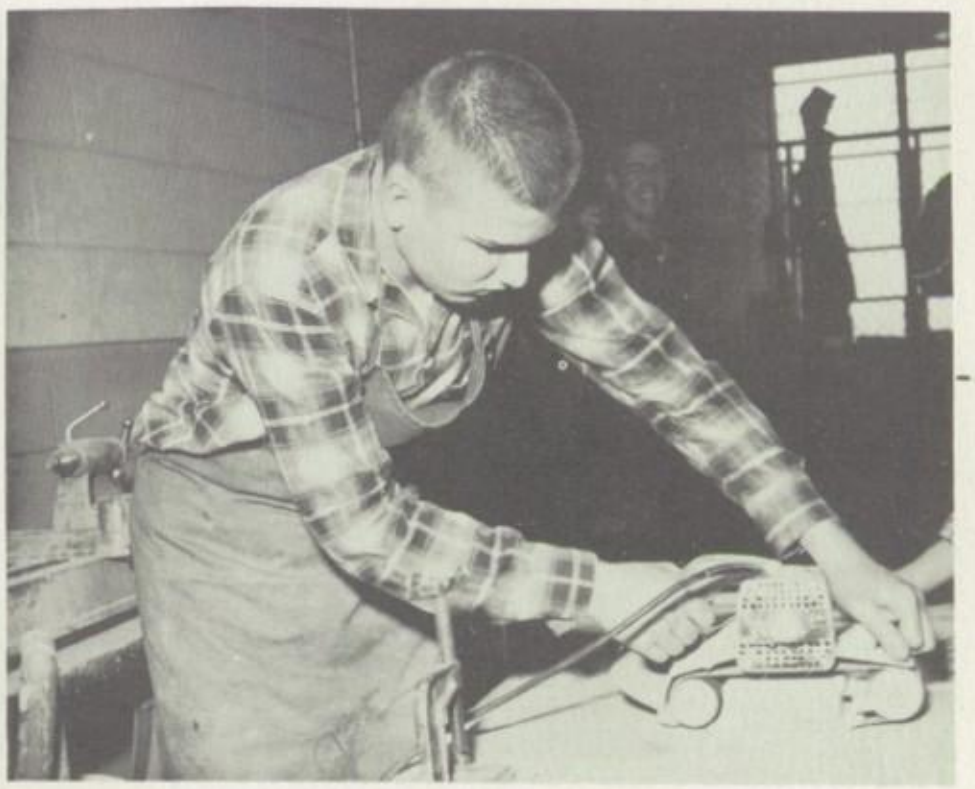
The Diversified Occupations course at Enka is especially designed for those students who wish to combine their academic and technical training. Students enrolled in this group attend three classes in the morning. In the afternoon they go to their various jobs where they gain experience that will help them in their chosen vocation.

Paul Johnson and Charles Wise operate a drill press.

Eddie Howell and Bruce James are glueing panel for a cedar chest they are making.

Wayne Reagan and Mickey Woody are working on a lawn mower's engine.

Dan Shook looks on as Douglas Fisher cuts out grooves for fitting the back board to his gun rack.



Larry Jenkins makes use of the belt sander on the table top he has planned for a project.

INDUSTRIAL ARTS

Industrial arts education provides students with an opportunity to study shopwork and design. Instruction is planned around developing experience with the use of tools and materials. These courses especially appeal to students planning to enter industrial employment.

Ronnie Herren and Charles Warren and lamp sections for their projects.

GUIDANCE

The Guidance Office assistants discuss ways of carrying out its objectives.

Mrs. Warren instructs her students about the directions of a test.

GUIDANCE

Relatively new at Enka High is the Guidance Department, under the direction of Mrs. David Huff. Its main functions are counseling, aiding in the choice of suitable colleges and vocations for seniors after graduation and supervising the National Merit and Preliminary Scholarships Aptitude testing programs for juniors and seniors. Currently the guidance room is equipped with approximately four hundred pamphlets, brochures, and catalogues concerning various academic and technical school of higher learning. Through the efforts of the Guidance Department, Enka students are attaining their goal of a happy, meaningful future.

Often parents and teachers discuss mutual plans and problems with their counselor.

One of the main purposes of the Guidance Department is to provide counseling services for students. Sondra Wise is talking over her plans with Mrs. Huff, Counselor.

LIBRARY

The library during home room period.

John Fields, Linda Lands and Bill Trull are doing the routine job of shelving books.

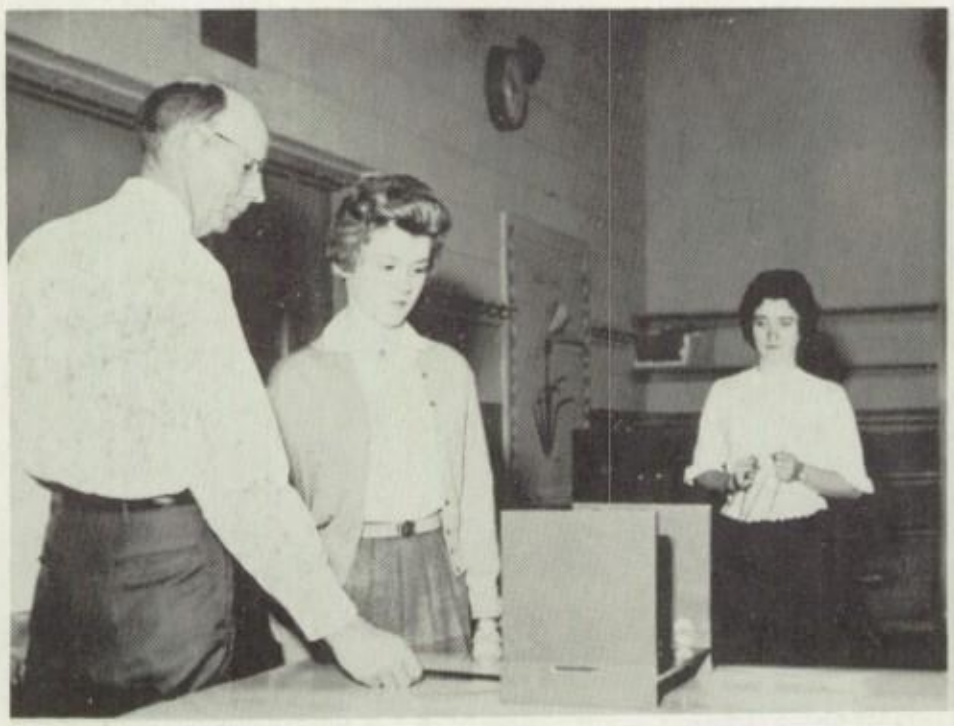
Mrs. Lyons instructs Tommy Raymer and Jim Ussery in the operation of a 16 MM projector.

June Thompson and Joan Gallion select some valuable material from the vertical file.

LIBRARY

One of the most widely used departments at Enka High School is the library. During each year over seventy-two thousand books are put into circulation. The library itself contains more than seven thousand books on subjects ranging over all areas of the curriculum.

DRIVER TRAINING



Mr. Penland and Carolyn Laney measure Trula Kirkpatrick's depth perception.

Deanne and Nancy have to learn the parts of a car for Mr. Penland's Driver's Training Class.

EMPHASIS PLACED ON SAFETY

Developing the correct attitude towards the privilege of driving is emphasized in the driver education course. Besides skill and co-ordination, cautious, defensive driving is taught. A basic knowledge of auto mechanics is necessary to become a well rounded driver. Supplementary experience is gained by students when they actually drive under the supervision of instructors during the class time.

Nancy tries her hand at the wheel or at running into the building.

SENIOR CLASS SONG

Tune: "Secret Love"

Once we came to Enka High,
Filled with hope, a little shy.
Together, through each joy and fear,
We've reached at last our Senior year.

CHORUS:
Let's look upward to the highest star.
Soon our class will scatter wide and far,
But we'll remember Enka High.
To all our high school days, good-bye.

We, the Class of '62,
Must bid good-bye to all of you.
Mem'ries shared through these four years
Bring happiness, as well as tears.

CHORUS:
Let's look upward to the highest star.
Soon our class will scatter wide and far,
But we'll remember Enka High.
To all our high school days, good-bye.

MOTTO

"Give to the world the best you have,
and the best will come back to you."

ENKANOCA STAFF

Times like these came often during work on the annual. Editor Mary Kathlyn Brigmon wanted to read a good magazine while editor Joi-Jan Llewellyn had other things in mind.

The Annual Staff is composed of senior, junior, sophomore, and freshmen editors representing each class. Each group has the job of naming, alphabetizing, and listing their class pictures. Then the junior and senior editors take over to make write-ups for club, curriculum, and sports pictures, and the hundreds of other headaches designed especially for annual staff editors.

Then there is always that last minute rush right before the annual is sent off when everyone pitches in to get the last-minute essentials ready to go to the publisher. Finally everything is finished and everyone breathes a sign of relief and achievement.

Enkanoca sponsors, Mrs. Brigmon, Mr. Morrell, and Mrs. Edwards are choosing the prettiest girl at Enka High School.

Art Editor, Phyllis Greenwood, demonstrates the abilities which she used on the cartoons in the Advertisement Section to Mertis Hyatt, the Business Editor.

Lined up for inspection, members of the Annual Staff are: Joi-Jan Llewellyn, Diane Reed, Carol Gorman, Carolyn Pressley, Portia McCollum, Linda Redmond, Martha Wright. Second row: Mary Kathlyn Brigmon, Eunice Gamble, Sandra West, Iris Brown, Carol Jarrett, Louedith Wiggens, Mertis Hyatt. Third row: Janet Moore, Linda Capps, Susan Hensley, Kianne Hyde, Lou Ellen Parris, Ann Plemmons, Aretha Robinson. Fourth row: Patsy McConnell, Jane Cole, Mrs. Brigmon and Mrs. Edwards, Sponsors; Joyce King, Kaye Jenkins, Katherine Hollifield.

These people must be writing some very funny copy. Aretha Robinson, Jane Cole, Anne Plemmons, Martha Wright, Carol Gorman, and Sandra West are certainly laughing hard enough.

Hard-working class editors are: Sandra West, Portia McCollum, Katherine Hollifield, Martha Wright, Dianne Hyde, Jane Cole, Linda Redmond, Louedith Wiggins, Linda Capps, Kaye Jenkins, Anne Plemmons, and Aretha Robinson.

(1) Dick

David,
I have really enjoyed knowing you the past two years. I wish you all the luck in the world to a real sweet and swell guy. Be good and keep out of trouble.

Love Ginger

David,
It has been a pleasure going to school with you this year and I hope we will have many more happy ones. I wish you the best of luck in the future and good luck in football

Leon

David,
You've been a real pal this year and just a swell guy anyway. Behave yourself and good luck in the future.

Kay

David,
Cracker Jack has gone by & I have really enjoyed having classes with you - You are a fine person - Stay the way you are - Have fun this Summer (as if you didn't already have that all planned!!)

Linda Robison
(Mother Rel)

David,
You're mean and drunk and ignorant and crazy and selfish and I really do like you. Good luck and all that junk.

A friend,
Y.C.

"Raise Hell!"

your bread, Mike

This is your "ole friend" Mike raising hell at ya in your 'mickey mouse' annual! I think you are about the coolest chap I have ever met! I would like you v. much if you always weren't talking about something to eat. don't forget beach time this summer

David,

You're a great friend. I don't know what I would do without your help, especially in algebra. Thanks for all those definitions! (on tests) Seriously, you have a great personality! Stay as nice and considerate as you are.

Always, Loretta

Dear David,

You're a wonderful person and I've enjoyed our classes together. Stay as nice as you now are and I'll remain your friend,

Terry

David,

I've enjoyed our classes together. You, Roberts, and Mary always seem to liven up things. You are a very remarkable person. Best of luck, success, and happiness. Brenda

Brother Dave,

Over these few years we've been together, we've had a "blast." I look back over the years I see two boys on the dock and a girl suddenly appearing on the porch. Wow! I can't start to mention all the times we've had and I look forward to more good times.

Your Pal,

"DeBo"

David,
I've really enjoyed having a "brain" in my classes this year. Whether we're discussing the inferiority of women or whether George Elliot was really married, your presence always gives "spice" to the discussion. I wish you the best of luck always. You deserve it!
Diane

David
I'd been sure hovering you in my classes and playing football with you. I'am looking forward to seeing you next year
Charles Morse

David,
It would be impossible to state all our experiences, but I am looking forward to many more, especially on that football field. Lots of luck in everything
Gary O'Kelley
